

## Model 200 Snorkel Sentry Fume Extractor

Model # SS-200-SS

The **Snorkel Sentry** provides fume extraction featuring a lightweight and portable design equipped with an adjustable height stand and a “no tool” mounting bracket that allows the unit to be easily secured to tables and other work surfaces for enhanced stability. The unit’s self-supportive flex arm allows optimum source capture placement by the operator.

Typical applications for this unit include *soldering, chemical fumes, light grinding, solvent and epoxy fumes, pharmaceutical powders, dust, and many other procedures that emit fumes and particulate.*

This unit utilizes high quality filtration that specifically meets your individual application’s needs. Filter options include: **HEPA filters** (up to 99.97% efficiency on particles 0.3 microns and larger), **ASHRAE filters** (up to 95% efficiency on particles 0.5 microns and larger), **Activated Carbon**, and **specialty-blended filtration media** [i.e. acid gas, mercury, aldehyde, and ammonia].

The **Snorkel Sentry** provides a highly energy-efficient, quiet and economical solution to many fume extraction needs.

Model 200 Snorkel Sentry

### Product Features

- **Included:** self-supportive 33” L flex arm, table mounting bracket, and adjustable height stand
- **Optional:** Variable Speed Controller (115V only) and hour counter
- Highly portable and lightweight
- Reliable, low maintenance operation
- Quiet operation
- Simple, quick “no tool” filter change
- Long filter life
- Small footprint

The Snorkel Sentry can easily be placed on the floor to free up valuable benchtop space.
