WARRANTY

Limited two-year warranty from date of shipment on defects due to materials or workmanship.

PATENT #5,843,197

Dimensions are Approximate

Benefits

- Captures harmful cigarette and tobacco smoke.
- Removes airborne particulate.
- Helps create a more appealing environment for customers and employees.

Applications

- Game Halls, Restaurants, Bars, Clubs, Casinos, Cigar Lounges, Residences, etc.

Product Features

- Quiet Operation
- Highly Portable and Lightweight
- Reliable, Low Maintenance Operation
- Low Power Consumption
- Simple, Quick "No Tool" Filter Change
- Long Filter Life
- Sturdy Construction
- Variable Speed Controller (115V only)
- Optional Hour Counter

The **Smoke Sentry** fume extractor offers an effective, quiet and economical solution for businesses and homeowners looking to remove odorous cigarette smoke and tobacco odor. This compact, portable smoke extractor pulls up to 100 CFM of contaminated air through HEPA and Carbon filters where the air is cleansed of hazardous particulate commonly found in smoke haze.

Unique to many smoke eliminators on the market, the **Smoke Sentry** is constructed of high quality, commercial-grade materials designed for longevity and durability. The **Smoke Sentry** can handle continuous running without overheating, and maintenance is as simple as an occasional wipe down and filter change.

Position the **Smoke Sentry** near an ashtray for source capture extraction or set it on a table or bar for ambient smoke and vapor removal. By scrubbing the air of harmful smoke and liquid cigarette vapor, a room is more appealing to customers, employees and guests.

As a companion to the **Smoke Sentry**, our line of portable and free-hanging room air cleaners offer added air filtration.
